

Product Data Sheet

Truck Mounted Cable Reeler with Swivel Deck & Level Wind

This custom built truck mounted cable reeler is designed with a swivel deck with 180° movement and level wind for assisted cable reeling and unreeling.

- Variable speed hydraulic level wind and cable reel speed
- Self-contained diesel hydraulic power pack with 45 HP electric start engine
- Includes a 5kW generator for lights and auxiliary power
- Operations console moves with the reeler as it swivels
- Designed to allow space on truck deck for storage and tool box additions.
- Optional wired or wireless remote control

- Cable reel is a fixed reel design with divided section for separating and storing ends of the cable with cable couplers installed.
- Truck supplied as shown is a single axle, heavy duty chassis with a 250 HP engine. Cable reeling unit is fully mounted to the 20 foot truck deck, however, is removable to another truck if necessary.
 - Reeling system as shown was designed to accommodate 300m (1000 feet) of 8kV, 2/0 SHD-GC cable.
 - Max. payload on cable drum is 8000 lbs
- Overall dimensions of cable reeling system only (not incl. truck) is 11 ft long x 8 ft wide x 11 ft tall
