Electrical Posi-Clamps

Cat No. PC1-XXX / Cat No. PC2-XXX

The BEST Connection for Mining and Industry!

Specifications

Posi-Clamp Model	Pin Diameter	Posi-Clamp Model	Pin Diameter
PC1-014	1/4"	PC2-058	5/8"
PC1-516	5/16"	PC2-034	3/4"
PC1-038	3/8"	PC2-078	7/8"
PC1-716	7/16"	PC2-100	1"
PC1-012	1/2"		

The simplicity and speed that an operator can make positive connections, reduces downtime normally involved with relocating. Portable power cables are plugged in and locked tight. The Posi-Clamp is drilled to NEMA standards. (Special drilling available on request)

Features

- Positive Connections for Portable Power cables
- Simplifies Mobile Operations
- Cam and Lever Lock, No Tools Needed
- Easily Installed in Junction Box and Utility Switchgear
- Posi-Pins Required for Individual Conductor Installation
