

# PHW-X Torpedo

## Strain Relief Clamp

Designed for use with the MCS "Satellite" Wire Ball, the Torpedo Strain Relief Clamp securely holds cable in place while creating a gentle bend radius to support cable during relocation operations. Each rubber molded Torpedo Strain Relief body is individually sized to each cable's diameter, and is secured in place with an extra wide, heavy duty steel saddle in the center and heavy duty retaining clamps on each end. The Torpedo and Satellite are connected using two twenty foot steel cables with shackles and swivel clamps, hoisting both pieces together. MCS recommends the use of the Torpedo Strain Relief Clamp in tandem with the MCS Satellite Wire Ball system when lifting cable for relocation to avoid potential damage to electrical cable often caused by single point straps or ropes.

### Product Features and Benefits:

- Highly durable rubber molded bodies.
- Sized for individual cable diameters.
- Heavy duty steel saddle and retaining clamps hold cable securely during lifting and relocation.
- Designed for use in tandem with the MCS Satellite Wire Ball.
- Replacement components available.

**Proudly Made in Canada**

# PHW-X Torpedo Strain Relief Clamp

Each durable rubber molded Torpedo body is sized to a very small cable diameter range to ensure a secure fit. Please see ordering information below to find the correct size for your application.

Retaining clamps, steel cable and shackle assemblies are available as replacement parts upon request.

## Product Specifications and Ordering Information:

Part Number:	Cable Diameter Range:	Part Number:	Cable Diameter Range:
PHW-2	0.70"-0.89" (17.78 – 22.61mm)	PHW-10	2.30"-2.49" (58.42 – 63.25mm)
PHW-3	0.90"-1.09" (22.86 – 27.69mm)	PHW-11	2.50"-2.69" (63.50 – 68.33mm)
PHW-4	1.10"-1.29" (27.94 – 32.77mm)	PHW-12	2.70"-2.89" (68.58 – 73.41mm)
PHW-5	1.30"-1.49" (33.02 – 37.85mm)	PHW-13	2.90"-3.09" (73.66 – 78.49mm)
PHW-6	1.50"-1.69" (38.10 – 42.93mm)	PHW-14	3.10"-3.29" (78.74 – 83.57mm)
PHW-7	1.70"-1.89" (43.18 – 48.01mm)	PHW-15	3.30"-3.49" (83.82 – 88.65mm)
PHW-8	1.90"-2.09" (48.26 – 53.09mm)	PHW-16	3.50"-3.69" (88.90 – 93.73mm)
PHW-9	2.10"-2.29" (53.34 – 58.17mm)	*Please contact MCS for current availability	

## Replacement Parts:

Part Number:	Description:
PHW-RC463	Replacement Retaining Clamp for Torpedo Strain Relief assembly. Single item.
PHW-SPAS-58	Replacement Shackle for Torpedo Strain Relief assembly. Single Item.
PHW-HC10/2-SA	Replacement hoisting cables (2) and swivel assembly.
